

VITAL

FULL PATTERN CATALOGUE

Imagine it finished

Hydrographics is where science meets art. A precise chemical process, wrapped around genuine creative craft, letting us finish almost any 3D shape in almost any pattern imaginable. Traditional print and vinyl simply can't touch it. This is the complete range of patterns we hold. We're the most experienced company at printing and applying hydrographic film, fully managed in-house. If you don't see what you need here, ask. That's usually where the interesting jobs start.

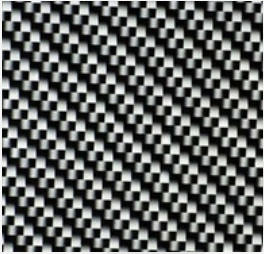

✓ marks patterns available in a choice of colours.

Carbon

Carbon fibre in its rawest form. Weave and twill finishes that catch the light and never look flat.

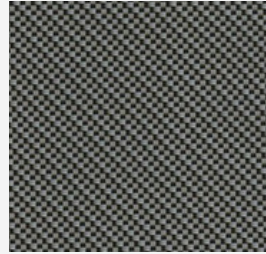

Black and Clear

High contrast 2x2 twill in crisp black over clear. Sharp, graphic and unmistakably carbon. Available in a choice of colours.

CF-BLACKANDCLEAR-001A ✓

Black and Silver

Fine, tight weave with a soft pewter sheen. Even and understated, with very little glare. Available in a choice of colours.

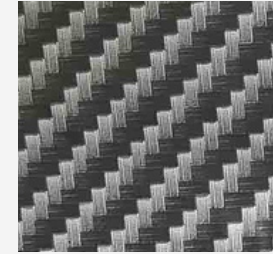

CF-BLACKANDSILVER-001A ✓

Black and Clear V2

A tighter, darker take on the classic twill. Reads close to charcoal, with a quiet, close grained finish. Available in a choice of colours.

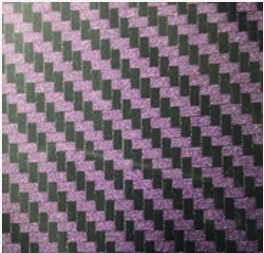

CF-BLACKCLEARCARBONV2-001A ✓

Black Silver True Weave

Bold true weave with bright silver running through the black. Catches the light along every strand. Available in a choice of colours.

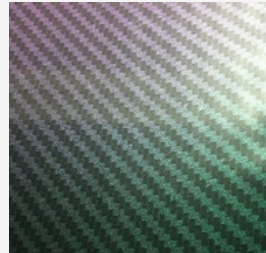

CF-BLACKSILVERTRUEWEAVE-001A ✓

Black to Purple Shift

Deep black weave that flares to violet as the angle changes. Restrained head on, vivid from the side.

CF-BLACKTOPPURPLESHIFT-001A

Chameleon Carbon

Shifts through pink, green and gold as it moves. A restless, iridescent finish that never sits still.

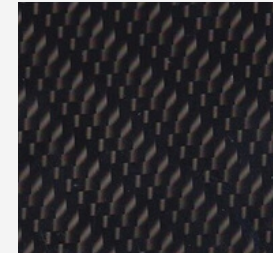

CF-CHAMELEON-001A

Dark Twill Carbon

Deep, glossy 2x2 twill in near black. Rich and dense, with a soft sheen rather than a hard shine. Available in a choice of colours.

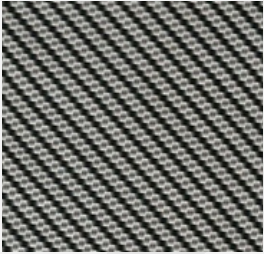

CF-DARKTWILLCARBON-001A ✓

Carbon Fibre

The classic 2x2 weave, dense and even across the whole sheet. A straightforward, honest carbon look. Available in a choice of colours.

CF-FIBRE-001A ✓

Focus Black Weave

Tight twill with a soft graphite sheen and very little glare. Quiet and even, more matte than mirror. Available in a choice of colours.

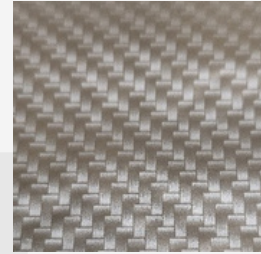

CF-FOCUSBLACKWEAVE-001A ✓

Focus Gold Weave

Warm gold laid through a fine twill. Rich and metallic, with a soft glow rather than a hard glint.

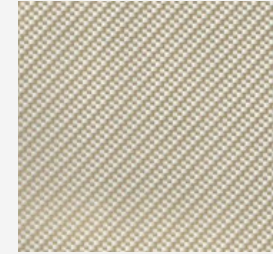

CF-FOCUSGOLDWEAVE-001A

Ghost

A barely there weave in the palest grey. Soft and subtle, it reads as texture more than pattern. Available in a choice of colours.

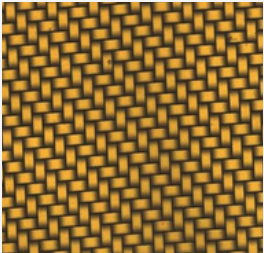

CF-GHOST-001A ✓

Gold and Clear

Pale champagne gold over a light base. Understated and warm, closer to cream than brass.

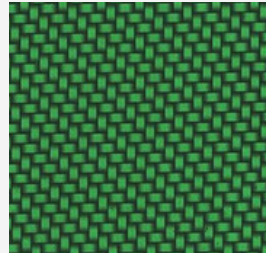

CF-GOLDANDCLEAR-001A

Gold Candy

Saturated yellow gold under a deep candy gloss. Bright, bold and unmistakably metallic.

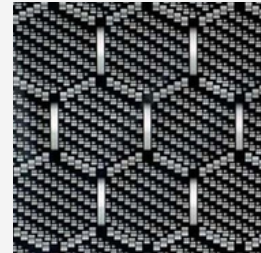

CF-GOLDCANDY-001A

Green Candy

Vivid emerald under a glassy candy coat. Deep, saturated and full of colour.

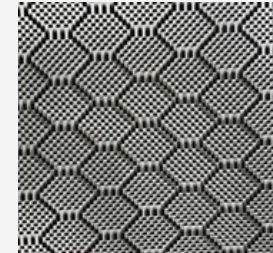

CF-GREENCANDY-001A

Hex Weave

A bold hexagonal weave that catches light from every angle. Strong texture that genuinely stands out. Available in a choice of colours.

CF-HEX-001A ✓

Hex Weave V2

A finer, flatter hex with tighter cells. More even and less showy than the original. Available in a choice of colours.

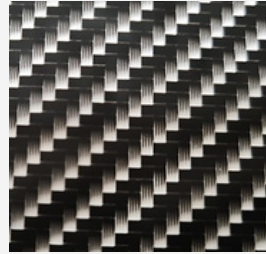

CF-HEXCARBONV2-001A ✓

Iridescent

A full spectrum shimmer running pink to green to blue. Loud, playful and impossible to ignore.

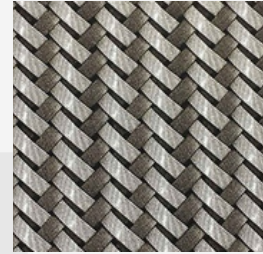

CF-IRIDESCENT-001A

Lined Carbon

Fine linear weave with a clean, directional finish. Subtle and understated, with a tailored look. Available in a choice of colours.

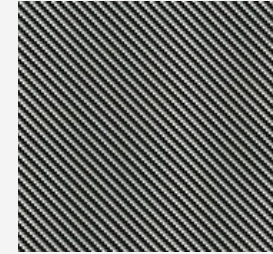

CF-LINED-001A ✓

Loose Weave

An open, relaxed weave with visible space between the strands. Softer and more textile than technical. Available in a choice of colours.

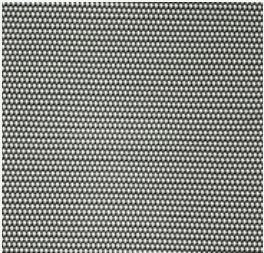

CF-LOOSEWEAVE-001A ✓

Micro Carbon

A very fine diagonal weave that reads almost smooth from a distance. Tight, neat and restrained. Available in a choice of colours.

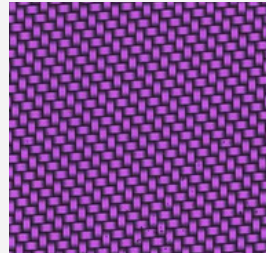

CF-MICRO-001A ✓

Pip

A dense field of tiny raised dots. Fine, regular and almost mesh like up close. Available in a choice of colours.

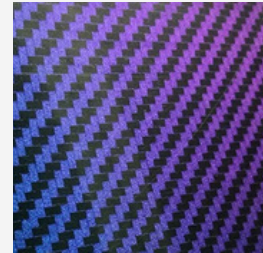

CF-PIP-001A ✓

Purple Candy

Deep violet under a glassy candy coat. Saturated and glossy, with real depth.

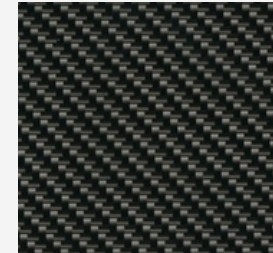

CF-PURPLECANDY-001A

Purple Shift

Blue and violet chasing each other across the weave. Cool toned and changeable.

CF-PURPLESHIFT-001A

Round Weave

Softly rounded strands with a rolling, organic rhythm. Less angular than a standard twill. Available in a choice of colours.

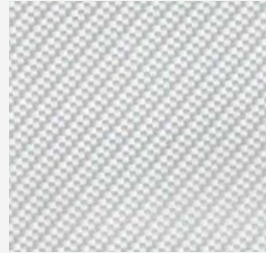

CF-ROUNDWEAVE-001A ✓

Sharp Carbon Dark

Dark weave with a warm bronze undertone. Sharp and defined, with a subtle shift in the light.

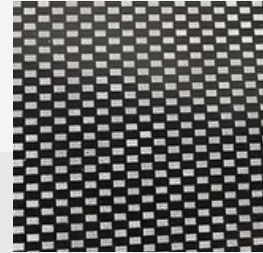

CF-SHARPCARBONDARK-001A

Silver and Clear

Pale silver over a clear base, almost white in daylight. The lightest carbon we hold. Available in a choice of colours.

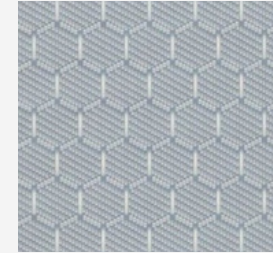

CF-SILVERANDCLEAR-001A ✓

Silver and Clear Notch

Silver weave broken by a regular notched step. Graphic and structured, with a strong repeat. Available in a choice of colours.

CF-SILVERANDCLEARNOTCH-001A ✓

Silver Hex

Pale silver hex cells on a light ground. Geometric and airy, with a soft metallic lift. Available in a choice of colours.

CF-SILVERHEX-001A ✓

Silver Hex V2

A warmer, creamier hex with softer edges. Quieter than the original, with a gentler repeat. Available in a choice of colours.

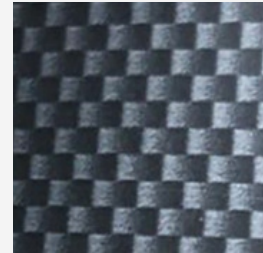

CF-SILVERHEXCARBONV2-001A ✓

Silver Real Weave

A convincing woven texture in cool grey. Reads like real cloth rather than print. Available in a choice of colours.

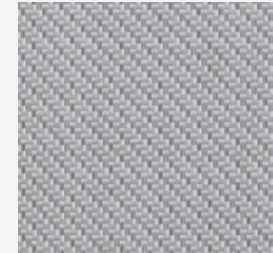

CF-SILVERREALWEAVE-001A ✓

Silver Slot

Silver weave cut through with slotted breaks. Structured and mechanical, with a strong grid. Available in a choice of colours.

CF-SILVERSLLOT-001A ✓

Silver True Weave

Bright silver true weave, even and finely spaced. Clean and technical with a light sheen. Available in a choice of colours.

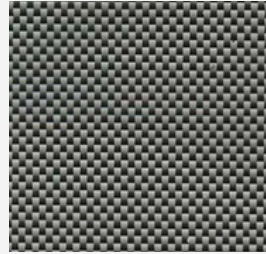

CF-SILVERTRUEWEAVE-001A ✓

Silver Zig Zag

A tight silver zig zag that ripples across the sheet. Busy up close, smooth from a distance. Available in a choice of colours.

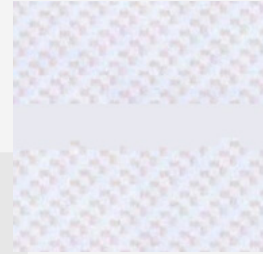

CF-SILVERZIGZAG-001A ✓

Slot Carbon

Dark weave punctuated by regular slotted gaps. Bold and engineered looking. Available in a choice of colours.

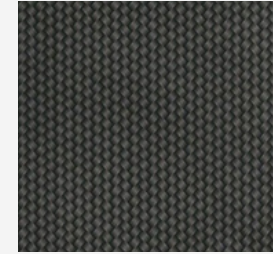

CF-SLOT-001A ✓

Stealth

The faintest weave on the palest ground. Almost invisible until the light catches it. Available in a choice of colours.

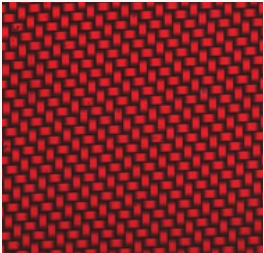

CF-STEALTH-001A ✓

Thick Weave

Heavy, wide strands in a chunky basket weave. Substantial and tactile looking. Available in a choice of colours.

CF-THICKWEAVE-001A ✓
